iPads in the Art Room  
the beginning of something big

---

---

---

---

---

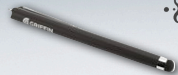

---

---

---

## Creating on iPads

Ice Breaker:

- Get an iPad and Stylus
- Open up the Sketchbook Express
- Explore the tools a bit and
- Write your name with a clue about you (your hobby, where you like to vacation, little known fact)

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

**Layering Images**

- Open camera app
- Take your picture
- Grab my hat
- Grab a "Healthy Choice"
- Add all three into SketchbookX in order from back to front (portrait, hat, healthy choice)
- Move, Resize, and Place objects
- Email with artist statement explaining about your healthy choice
- Share results

Reflect: how can you use this technique in your classroom?

## Upload Templates for Students

---

---

---

---

---

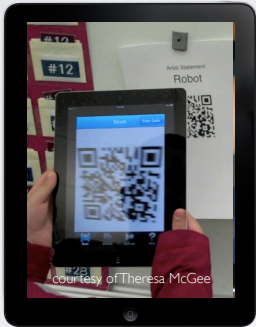

---

---

---

## iPads TN ART

### MANAGING IMAGES

- Sharing Images
  - Dropbox Shared folder
  - Upload templates and use "magic touch"
  - Use "Add to Home Screen for websites/links"
  - Use a QR code grab links to folders or sites

---

---

---

---

---

---

---

---

## iPads TN ART

### MANAGING INSTRUCTION

- Mirroring the iPad
  - Reflector App (airplay)
  - Airserver (airplay)
  - Apple TV (airplay)
  - IPEVO camera (usb cam)
  - iPad adapter (connect straight VGA cable/projector)
  - Students can take turns mirroring their iPads with airplay

---

---

---

---

---

---

---

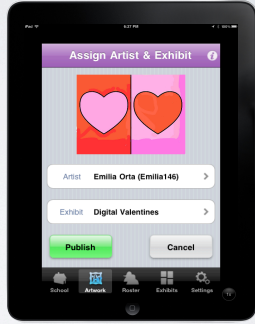

---

## MANAGING THE ART

- Email the artwork with student name as subject
- Upload to Dropbox then claim & rename
- Keep track with a name sheet for art stored in the ipad's camera roll
- Upload to Artsonia

---

---

---

---

---
