

TITLE

YEAR ROUND ACCESS

to innovative technologies for all K-5 learners

This grant would benefit every K-5 student in my building.

PURPOSE: TO HAVE IPADS AVAILABLE TO STUDENTS EVERY DAY IN OUR CLASSROOM

Access to iPads in our art room everyday will expand curricular learning opportunities for my students from writing to photography, to art creation. The applications for iPads in the art room is numerous and growing all the time. My students want

to explore these tools and waiting until iPads are available for checkout will foster missed opportunities for innovation and creative exploration.

The goal of this proposal is to receive 4 iPads for the art room, apple care for each according to the protocol of the district, a voucher to purchase apps and covers to keep the iPads safe.

Population affected: Every k-5 art student in my building will benefit from this grant on a regular basis for many years to come. I have enough ideas and experience with iPads that I will be able to put these to use effectively and immediately with all my students.

Students can use this free app and the iPad camera to upload art to their online digital portfolio, write comments, and connect with student artists from around the globe.

iPad Activities

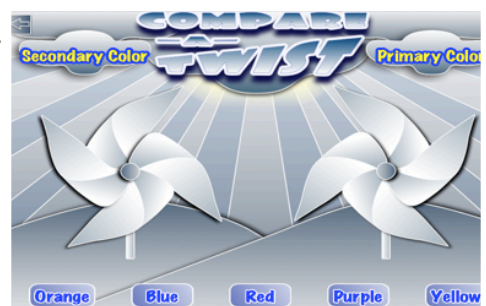

Adding Artist Statements to Artwork

Making Collaborative Art Projects

Creating art on iPads to extend learning

Compare/contrast art concepts

Play interactive learning games in art

Volume Vouchers

What are Volume Vouchers?

Volume Vouchers are physical cards in denominations of **\$100**, \$500, \$1000, \$5000, and \$10,000 that can be used to purchase apps and books in the Volume Purchase Program Education Store. They cannot be used to purchase apps or books directly from the App Store or the iBookstore. The cards are shipped via Federal Express or UPS, so they can be easily tracked. You should receive your Volume Vouchers three to five business days after ordering them.
